

Sometimes, I go to the library with my family and friends.

There are lots of different books.

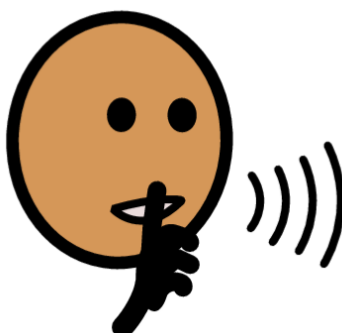

Signs help me find my way around.

Other people are reading.

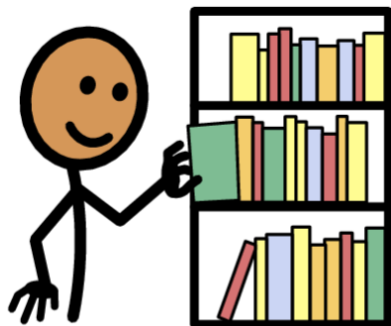

I should use my quiet voice.

People are walking around looking for books.

There are books I want to read.

The librarian will help me check out my books.

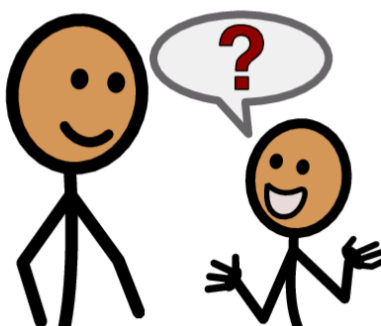

I will give them my library card.

Sometimes, I need to use the restroom.

I can ask an adult for help.

Today was a good day.
